GPU INFOMATION
-display
description: 3D controller
product: GK110BGL [Tesla K40c]
vendor: NVIDIA Corporation
physical id: 0
bus info: pci@0000:21:00.0
version: a1
width: 64 bits
clock: 33MHz
capabilities: busmaster caplist
configuration: driver=nvidia latency=0
resources: irq:114 memory:f9000000-f9ffffff memory:d0000000-dfffffff memory:ce000000-cfffffff
-display
description: VGA compatible controller
product: GK110B [GeForce GTX TITAN Black]
vendor: NVIDIA Corporation
physical id: 0
bus info: pci@0000:27:00.0
version: a1
width: 64 bits
clock: 33MHz
capabilities: vgacontroller busmaster caplist rom
configuration: driver=nvidia latency=0
resources: irq:115 memory:fb000000-fbffffff memory:f0000000-f7ffffff memory:ee000000-efffffff ioport:6000(size=128) memory:c0000-dffff
